Re: Brush Estimate's for 2016

Dear Charlie,

Thank you for submitting an estimate of services for brushing 6 different sections in the Town of Fulton.

This letter is to inform you that you were selected at the June 14th, 2016 Town Board meeting for brush removal for all 6 sections. Please notify the town hall when you will begin the brushing. Also, once completed with a section, please contact the town hall so the Chairman can review the work you completed. Our board meets the 2nd Tuesday of each month when bills are approved for payment. When submitting you bills, please submit them per section, or itemize it per section.

On behalf of the Town, I would like to thank you for your interest in the Town of Fulton.

Sincerely,

A handwritten signature in cursive script that reads "Connie Zimmerman".

**INTERGOVERNMENTAL AGREEMENT
FIRE DEPARTMENT SHARED SERVICES**

THIS AGREEMENT is entered into this 1st day of February, 2017, by and among the City of Janesville, the City of Milton and the Town of Milton.

RECITALS

- A. The City of Milton and the Town of Milton are parties to a Fire Protection Agreement under the terms of which they have created the "Milton and Milton Township Fire Department" ("the Milton Fire Department");
- B. The City of Janesville operates the Janesville Fire Department.
- C. In addition to providing services to the City of Milton and the Town of Milton, the Milton Fire Department provides contracted services to portions of the Towns of Harmony, Johnstown, and Lima in Rock County, and the Town of Koshkonong in Jefferson County.
- D. In addition to providing services to the City of Janesville, the Janesville Fire Department provides contracted services to portions of the Towns of Rock, LaPrairie, Janesville and Harmony in Rock County.
- E. The parties desire to enter into an agreement for the shared provision of services within the areas presently served by the Milton Fire Department and the Janesville Fire Department (collectively "the Departments").

The parties agree as follows:

- 1. Application and Service Area. This Agreement shall apply to all incidents requiring fire department or emergency medical services ("EMS") within the areas served by the Departments, including structure fires on residential, commercial, recreational and rural properties, requests for emergency services, reported hazardous materials incidents, smoke or odor investigations, motor vehicle crashes (with or without injuries) and any other incidents for which the first response is provided by either Department and for which reports are received by the Rock County Communications Center. Such incidents shall include those occurring outside the geographical service areas of the Departments, but located on the opposite side of a road, the centerline of which represents the edge of the service area, as well as any property immediately contiguous to any such road.
- 2. Effective Time. The terms of this Agreement shall apply continuously, 24 hours per day and 7 days per week, until terminated by prior notice as set forth in this Agreement.
- 3. MABAS Response Protocol. This Agreement is intended to supplement, and not to supersede or contradict, the Mutual Aid Box Alarm System ("MABAS") Agreement to which the Departments or their member municipalities are parties at the time of execution of the Agreement and at any time during the term of this Agreement. All calls for fire and

EMS services within the service areas of both Departments shall be subject to a coordinated and joint response consistent with established Mutual Aid Box Alarm System ("MABAS") Division 104 response cards, and each Department shall respond consistent with the protocol required under such cards. The Chiefs of the Departments shall jointly establish a response plan for deployment of personnel and equipment to facilitate the operation of this Agreement, with such plan to be consistent with MABAS Division 104 response cards. Additional personnel and equipment from the Departments may be engaged in response to an incident in the discretion of the Commander assigned responsibility for the incident. In the event the responders first arriving at an incident determine that additional responding units are unnecessary, they may direct that additional responding units from the other Department disengage and return.

4. Joint Response to Structure Fires. Except as otherwise expressly agreed between the parties, and notwithstanding any MABAS protocol to the contrary, both Departments will respond when available with a staffed engine company to all reported or confirmed structure fires within the areas served by the Departments.
5. Transport Services. Patient transport services shall be provided by the Department primarily responsible for the service area from which transport is required unless services from that Department are not readily available. EMS patient transport services provided by either Department shall be billed by the providing Department, and each Department shall comply with any applicable reimbursement laws and regulations.
6. Tiered Response. EMS tiered responses allocating basic life support and advanced life support systems shall be provided by both Departments as requested by either Department through the Rock County Communications Center.
7. Paramedic Directives. When a paramedic-qualified employee of either Department directs action for an EMS incident, employees of either Department shall accept such direction, provided that such direction does not violate state law or administrative regulations or the operating procedures of the employee's Department.
8. Standard Operating Procedures. Each Department shall create and maintain Standard Operating Procedures approved by each Department's medical director. Such Procedures shall allow paramedic-qualified personnel of one Department to utilize medical equipment and supplies of the other Department according to the protocol of the paramedic's Department. Such equipment and supplies include monitors, defibrillators, supplies for intravenous administration of treatments, and pharmacy supplies.
9. Change of Quarters. In the event either Department's resources or ability to respond to emergency incidents are temporarily depleted as a result of deployment, equipment failure, or similar temporary impediments to service, the depleted Department may make a request for a "Change of Quarters Unit" through the Rock County Communications Center. When the other Department has available an ambulance, engine or Quint, it shall move the equipment as appropriate and be available for response as necessary.

10. Equipment and Vehicle Loans. Notwithstanding anything in this Agreement to the contrary, if either Department borrows or uses the other Department's equipment or vehicles, the borrowing Department shall be responsible for and shall timely pay for the cost of any repairs for damages sustained to such vehicles and equipment during the course and as a result of the temporary use unless such damages were the result of the acts or negligence of the lending Department.
11. Other Shared Services. The Departments agree to work together to facilitate other forms of providing shared services, including joint staffing, a shared station, community risk analysis, creation of standard operating procedures, and joint training, administration, fire prevention and education.
12. Cost Allocation and Indemnification. Except as otherwise set forth herein, each Department shall pay its own costs incurred in responding to incidents under this Agreement, regardless of the location of the incident.

Each Department shall bear its own expenses resulting from damage to its own equipment and the death of, or injury to, its own personnel and resulting from operations under this Agreement, except that each Department shall indemnify and save harmless the other Department from any and all liability for damages, claims, demands, suits, judgments, costs and expenses resulting from loss of or damage to private property or the property of the indemnified Department, and from injury and death to persons, arising as the result of the negligent or intentional acts of the indemnifying Department or its agents.

Each Department expressly waives any and all claims against the other resulting from the discretionary commands or instructions and the decisions made by any Incident Commander in the course of responding to and managing any incident under this Agreement, excepting only commands, instructions or decisions made with malicious intent or with intentional disregard for the rights of others.

Nothing in this paragraph shall be deemed to waive any governmental immunity to which either Department is entitled by operation of law.

13. Termination. Either Department may withdraw from this Agreement by giving sixty (60) days written notice to the other Department by certified mail.
14. Prior Agreements. This Agreement supersedes any previous agreements among the parties for fire and EMS shared services except any MABAS Agreement to which the Departments are subject, either written or verbal.
